MEMORANDUM FOR: Deputy Director of Central Intelligence

VIA: Deputy Director for Administration

FROM: Robert W. Garbino
Director of Security

SUBJECT: Request to Publish [redacted] Telephone Directory

REFERENCE: Notation by DDCI on Routing Sheet dated 9 Mar 79 requesting OS comments

1. The Office of Security's initial position to limit the publication of component telephone directories to the functional and organization format only, was based on the April 1977 Telephone Survey Study Group recommendation which cited significant counterintelligence dimensions in the listing of the names of Agency employees in such directories.

2. The subsequent decision to allow the publication of component directories where no cover considerations are likely to arise subject to DDCI approval, was articulated in [redacted] dated 13 December 1978.

3. A review of referent request by the Director, National Photographic Interpretation Center, to publish [redacted] telephone directory is, in the opinion of this Office, in consonance with the established policy of the Agency.
